Workshop Objectives:

1. ***Meet your genius*** - introduction to yourself (critical listening) Expose your unique opinion and creativity (authentic self) / vocal stylings / what's between the notes Twinkle Twinkle - it's not a song it's a bed that artist's decorate
2. **Appreciating Diversity** - Learn to respect and listen to the creative process and truth of others (true diversity / first kiss) gender switching, role playing - true diversity is appreciating the subtle differences in how we view shared experiences
3. ***Lyric Lessons*** - (Kipper Jones, Vinx, Emily Musolino, Chiedza Ponder, Claire Dorsey) don't fear the corn! punch line set-up, just because it rhymes doesn't make it a song. Wordsmithing
4. ***See and hear beyond the obvious*** - inanimate objects can speak, so can photos, nature, history and the world around you
5. ***Master our melody challenge*** - (Create 5 melodies from 1 groove) Discover harmony as scat - explore your choices (Lucy Kilpatrick, Brad Myricks)
6. ***Sync 101*** - (Tommy Jackson) publishing, placement, destinations, formula, film clips, list of words - for visual artists, discover the world of integrating music into other media
7. ***Finding ways to be inspired*** (triggering the artist within) a picture says a thousand words, Photos /back story (Alvin Long)
8. ***Pitch Panel*** Play your songs or present your creations
9. ***During Lunch Exercises***” Eat-Swallow-Create-Reveal

Sugar Lip Lounge open mic!
